

May 24, 1929.

Mr. E. H. Coombs,
Boulder, Utah.

Dear Sir:

RE: ~~GENERAL~~. *Boulder Deer Creek*

I have your letter of May 20 and regret to advise you that this office has practically no information which will enable it to pass intelligently on the questions which you bring up.

An adjudication of the rights of Deer Creek has been made but this does not give much information except as to certain waters diverted over into this latter stream.

Yours very truly,

State Engineer.
